A Few Words from Dee

It's that time of year again! March is the perfect entry into spring! Trees are beginning to bud, days are getting longer and day time temps are rising—all good reasons to get back outside. I, for one, am excited to get my road bicycle out and get some fresh air on a long ride.

Around RLC, this spring will be a time of change. With beloved team members leaving, we'll be inviting new members to our community to fill those open positions. Thank you for your patience during this time of change.

Lastly, for many of us, it's time for those with an Irish heritage to come together and remember our ancestors and the trials they endured to enable themselves and their relatives be able to come to the land of opportunity. For those without an Irish heritage, I hope you'll join in on the St. Patrick's Day festivities.

Warmly,

Dear March—Come in—

How glad I am—

I hoped for you before—

Put down your Hat—

You must have walked—

How out of Breath you are—

Dear March, how are you, and
the Rest—

Did you leave Nature well—

Oh March, Come right upstairs
with me—

I have so much to tell—

Southwest Style Turkey Meatloaf

This meatloaf recipe takes a classic meal and makes it healthier by adding vegetables, opting for a lean protein, and adding fiber from oats! A nice way to add whole grains into protein dishes, such as meatloaf, hamburgers, and meatballs is to use quick-cooking oats instead of regular bread crumbs. The fiber in oats has been shown to help lower cholesterol. By using lean ground turkey this recipe cuts back on total fat content. To complete your meal, pair with mashed potatoes and a green salad with avocado and orange.

Ingredients

- 1 ½ lbs. lean ground turkey
- 1 large yellow onion, finely chopped
- 1 green bell pepper, finely diced
- 3 clove garlic
- 1 cup quick-cooking oats
- 2 eggs, beaten
- ½ cup ketchup
- 2 tsp. ground cumin
- ½ tsp. salt
- 1 tbsp. chili powder
- 1 tsp. dried oregano
- ¼ tsp. black pepper
- nonstick cooking spray

Directions

1. Preheat oven to 350°F. Coat a 9 × 5-inch loaf pan with nonstick cooking spray.
2. Add all of the remaining ingredients to a large bowl. Gently mix the until well combined.
3. Spoon the mixture into the prepared loaf pan, using the back of the spoon or a spatula to even out the top. Place the loaf pan in the oven and bake until a thermometer inserted into the center of the meatloaf reads 165°F, about 1 hour.

Nutrition Month

March is National Nutrition Month, and this year is its 50th anniversary! The Academy of Nutrition and Dietetics created National Nutrition Month in 1973 to encourage people to learn about making informed food choices and develop healthful eating and physical activity habits.

This year's theme is *Fuel for the Future*. Eating with sustainability in mind is a tasty way to nourish ourselves during every phase of life and protect the environment.

Here are a few tips:

- Enjoy more plant-based meals and snacks.
- Purchase foods with minimal packaging.
- Buy foods in season and shop locally when possible.
- Start a container or backyard garden to grow food at home.
- See what food you have at home before purchasing more.
- Use a grocery list and shop sales when purchasing food.
- Eat foods in various forms including fresh, frozen, canned and dried.
- Find creative ways to use leftovers rather than tossing them.
- Practice gratitude for your body by giving it the fuel it needs.
- Try new flavors and foods from around the world.
- Learn how nutrient needs may change with age.
- Create happy memories by eating with friends and family.

Activities are subject to change.

Stay ACTIVE

Tips to Stay Active

Here are a few easy ways to fit more activity into your life:

- Opt for the stairs instead of the elevator when possible.
- Every time you go up or down stairs, take an extra lap.
- Walk around while talking on the phone.
- Take a lap around your home every time you do certain activities, such as using the restroom, refilling your water or coffee, or sending an email.
- Do squats, lunges, or pushups in the kitchen as you wait for your food to cook.
- Do heel raises while doing tasks like washing dishes.
- Stand up while folding clothes.
- When watching TV, exercise during commercial breaks.
- Take a stretch break every hour on the hour.
- Turn on some favorite music and dance.
- Begin and end each day with some stretches.

Activities with Yvonne

by Yvonne Ryan, Activity Director/Social Service Designee

Spring is almost here. I see some flowers trying to peek through, and the birds are singing. And don't forget to spring forward on the March 12!

I am writing this with mixed emotions. After being here for more than 13 years, I have decided to move on to the next chapter of my life. My last day is March 3, but I will still be coming in to visit. Each and every resident holds a special place in my heart. It has been a joy to get to know the many family members and friends of the residents as well. We have made a lot of memories!

Staff from other departments have stepped in to offer assistance with activities. I am sure they will have some new and fun ideas to share. We have an awesome staff here at RLC—they go above and beyond every day to bring the residents joy.

We had a fun Valentine's Day and a lot of laughter during our annual snowball fight with marshmallows. Chaplain James held a very nice Ash Wednesday service for the residents.

Happy St. Patrick's Day and beware the ideoes of March!

Yvonne

Little Green Folk

Leprechauns are one reason you're supposed to wear green on Saint Patrick's Day. Folklore tradition says wearing green makes you invisible to leprechauns, who like to pinch anyone they can see.

In Celtic folktales, leprechauns were cranky souls, responsible for mending the shoes of the other fairies. Leprechauns were known for their trickery, which they often used to protect their much-fabled treasure. The original Irish name for these figures of folklore is "lobaircin," meaning "small-bodied fellow."

Daylight Saving Time Begins

Sunday, March 12 | 2 a.m.

Employee Spotlight

Gail Gillian

Gail Edwards Gillian is one of our RNs. She has worked at RLC for 5 years.

Gail was born and raised on a farm close to Paola, Kansas. She has one brother and one sister. Her dad worked for many years at Delco battery, and her mother was a stay-at-home mom until her children were raised, when she began working at local schools as a para. Gail's brother lives on the family farm.

Gail was very involved in 4-H for many years, working on a variety of projects. The kids in her family were not involved in sports because their mother told them that she was only going to town on Saturdays!

Gail graduated from Paola High School and worked as a secretary for a couple years, then went to nursing school in Fort Scott. She got married in 1990, and she and her husband had three children. She now has three grandchildren with another on the way.

Gail is always on the move! She has enjoyed her horses over the years, going on trail rides and sorting cattle with friends. She enjoys her pets, and has rescued many cats and dogs over the years.

Gail loves to travel with some of her nurse friends. They travel to wherever there is a Jimmy Buffett resort. She especially loves Key West. Gail also loves to go to Washington State to visit her oldest son and his family and hopes to be able to go on her second mission trip to Guatemala this December.

When Gail is home, she enjoys buying and fixing up old items for her house, which was built in 1890. A good day for her involves spending time with her grandchildren and her pets!

We are so happy to have Gail here at RLC. She goes above and beyond to make sure that our residents and staff are well cared for!
